

The development of a sustainable economy is a priority for the Brussels-Capital Region. Does your company limit the use of non-renewable raw materials and the generation of waste? Are you actively reusing or upscaling? Then don't hesitate to apply for your accreditation as a company involved in the circular economy and receive an additional 10% on various bonuses from Brussels Economy and Employment. Or take part in the project call [be.circular!](#)

Support measures

Not quite convinced yet? Companies with a circular economy accreditation can benefit from increased business bonuses.
