

## Opening period and capacity

- A hotel is an establishment with **at least six rooms or suites**.
- It is open for at least nine months a year.

## Services

- A hotel offers **hotel services** (for example, breakfast, beds changed, rooms cleaned, caretaker, reception).
- The hotel is permanently accessible to tourists.
- A reception service is permanently available.
- The building is kept in good condition, both inside and outside. The communal areas and rooms are cleaned daily.

## Information and identification

- The hotel is clearly identifiable from the outside.

## Equipment

- The communal areas accessible to tourists have sufficient lighting and can be aired.
- The hotel has bathroom facilities on the ground floor and on an upper or lower floor.
- A heating system guarantees a minimum temperature in the rooms and communal areas.

Each room:

- has a clearly identified entrance door and can be locked
- includes:
  - private bathroom facilities
  - general electric lighting
  - natural lighting: a window looking outside
  - if the window does not open, a ventilation system
- contains:
  - beds (with mattress, mattress cover, pillows and bedding)
  - a wardrobe
  - one seat per person
  - a chair and table
  - a wastepaper basket.

The private bathroom in each room includes:

- a washbasin with drinking water
- electric lighting
- a window or ventilation grid
- a bath or a shower

- a storage area near the washbasin
- a mirror
- one hand towel per guest
- one bath towel per guest
- a small waste bin.
